Yes	No	Maybe
XXXXXX	XXXX	XXXXXX

This Facility is geared toward persons with transportation – needs better maintenance or attention to maintenance

Nice Staff, facilities – rooms weren't so hot.

Rooms were conveniently located but the main room was too small.

7. Additional Comments:

Cost!!! This Program probably cost R.C. about \$4000 per person, yet we are using a (7) year old operating system on (7) year old computers. Seems like someone can't prioritize.

The program should provide scissors and more raw materials. I personally felt I grew through the experience and was surprised at my ability to comprehend what the point (meaningful) of the experience was.

We'll talk later. Thanks Kim!

I'll talk to you later. We'll do lunch.

Thank You! I would do it again.

For the most part, we had to challenge ourselves.

Since we all like changing environments for dinner, would have been better to be closer located to restaurants – think pedestrian.

Needs more eating places within walking distances.

We worked hard the days were long but we definitely learned a great deal. I am leaving with a positive attitude. Thank you.

Hard to get to/from – traffic.

Quite an experience/

This was a great eye opening experience.
